# FURTHER INFORMATION

Please allow us a moment to guide you through our range and ordering process.

## FOLDERS

---

Each folder is a custom-built range and includes swatches of every pattern and also feeler patterns for handle.

## PATTERNS

---

The patterns are identified by a 6 digit product code, found to the right of the swatches.

Product codes can be read as follows: 123-456

The first 3 numbers (123-456) denote the fabric quality – weight, composition, handle.

The last 3 numbers (123-456) denote the pattern ID.

## FEELER PATTERNS

---

Within each folder there is a feeler pattern for every fabric quality, and it will be identified by its fabric quality code, for example:

123-XXX

The fabric quality code will match the first 3 digits of the pattern you are considering.

The feeler pattern will also inform you of:

- Fabric weight (gms)
- Fabric composition
